UPDATE 23 July 2018

Initial Consultation - Reports

The initial consultation for the Willoughby Neighbourhood Development Plan closed on 3 June 2018. Since then the Steering Group has produced three reports so that everyone is kept informed about what is happening. All the reports are available on the right under Key Documents and on paper. They are:

Issues & Options - Full Report

This report enables everyone to see the responses to the Yes/No questions in the Issues & Options questionnaire and all the comments and ideas that we received.

Issues & Options - Summary Report

This report provides a summary of the document above and will be delivered to every household in the parish and to other stakeholders. This report enables everyone to see how people responded to the Yes/No questions in the questionnaire and provides information about where you can read the longer reports we have produced.

Issues & Options - Responses and Revisions

This document includes our responses to what you have told us and revisions we may make to the consultation document to produce the First Draft Neighbourhood Plan. It is extremely important to emphasise that, at the moment, all of this is very much a work in progress. We are acquiring additional evidence and information (often in response to your comments and ideas) and this may well influence what is included in the First Draft Neighbourhood Plan.

For various practical reasons, it now seems likely that the First Draft Neighbourhood Plan will be ready for consultation with you towards the end of September.
