

## **UPDATE 7 June 2019**

### **Responses Tables following the Regulation 14 consultation**

On 5 April 2019, three Responses Tables were published. These Tables contained all the representations received during the Regulation 14 consultation and put forward proposed amendments to the Draft NDP. You can find the Tables on the right under Key Documents.

### **The Submission Neighbourhood Development Plan**

The Inspector's final report on the Rugby Local Plan was published on 7 May 2019. Some minor changes were made to our Neighbourhood Plan so that references to the Local Plan are correct.

The revised NDP, the Submission Neighbourhood Development Plan, was submitted to Rugby Borough Council (RBC) on 16 May 2019 and will go to the Cabinet on 24 June to request approval for the final consultation (Regulation 16).

### **Regulation 16 Consultation**

This consultation is carried out by RBC and will take place for 6 weeks from 25 June to 6 August 2019 inclusive. The Submission NDP and all its accompanying documents will be published on the NDP website and the RBC website ready for the consultation. Everyone who asked to be kept informed should receive information about the consultation and how to respond, if you would like to do so.

**Independent Examination**

Once the consultation has finished, the Submission Neighbourhood Plan and all the representations received will go to an independent examiner who is likely to make further changes.

During their examination, the independent examiner will review all the documentation produced during the formulation of the plan, including previous responses to consultations, to satisfy themselves that the plan they are examining has taken people's views into account.

As always, we will keep you informed about what is happening.
